

EUROPEAN OPINION IS

That Another Big Battle Will Soon Be Fought.

News Today Only Confirms

That Russian Army Is Safely at Mukden, Kuropatkin Having Accomplished His Retreat In Good Order While Caring for 12,000 Wounded Soldiers.

DESPATCHES FROM VARIOUS SOURCES TODAY ESTABLISH ONLY THE FACT THAT THE RUSSIAN ARMY IS SAFELY AT MUKDEN. KUROPATKIN HAVING ACCOMPLISHED HIS RETREAT IN GOOD ORDER, IN SPITE OF THE HARASSING JAPANESE. SODDEN ROADS AND HAMPERED BY MORE THAN 12,000 WOUNDED. BEYOND THIS THERE IS NO DIRECT NEWS BEARING ON THE SITUATION. DESPATCHES FROM JAPANESE SOURCES ARE SIGNIFICANTLY LACKING AND THE POSITIONS OF THEIR THREE ARMIES ARE UNKNOWN.

KUROKI WAS LAST REPORTED ON KUROPATKIN'S RIGHT FLANK. VICEROY ALEXIEFF REPORTS THAT THE RAILROAD AND TELEGRAPHIC COMMUNICATION BETWEEN MUKDEN AND HARBIN ARE INTERRUPTED. EUROPEAN MILITARY OPINION IS THAT ANOTHER BIG BATTLE WILL SOON BE FOUGHT.

Mukden, Wednesday, Sept. 7.—Via Peking, Sept. 9.—A correspondent of the Associated Press who has just returned to Mukden with the Russian rear guard, after having accompanied the army the whole time since the battle of Liao Yang, says the losses on both sides were enormous. In a moderate estimate, he places them at 50,000. He confirms the reports that the battle at Liao Yang rivals in fierceness the American civil war.

Kuroki's flank movement east of the Russian position precipitated the retreat from Liao Yang. When the Russians left Liao Yang the town was strewn with corpses.

The shell fire continued until Sept. 4th, when the bridges over the Taitsse were destroyed. The Russians admit that their positions at Liao Yang were too extended for the army to hold. The greater portion of the Russian forces crossed the Taitsse during the night of September 2nd, and engaged General Kuroki with two corps. The fighting of the first day was favorable to the Russians, but the conditions changed at night time. The Russian infantry suffered heavily from shrapnel and rifle fire. The fighting was continued September 3rd and 4th, the Russians successfully protecting the railroad. When the Japanese approached Yentai they immediately commenced to attack it. The Russian transport began to retreat at midnight, September 4th, and was attacked three miles from Yentai on the morning of September 5th along the Mukden road. The Russians pushed out two corps and much artillery to protect their right flank.

The condition of the roads rendered the retreat slow and the troops and horses were tired out. The Japanese seemed to lack enterprise and failed to recognize the serious situation of the Russians, the morale of their troops having been severely tried. A Japanese army of 40,000 men is reported to be west of Mukden, and it is considered likely, in view of the condition of the two armies, that hostilities may be indefinitely prolonged, unless the Japanese are able to push on and force the Russians to give battle.

St. Petersburg, Sept. 9.—1 p. m.—In impregnable curtain seems to have been run down on the exact situation at the theatre of war. The lack of news here concerning the details of the Russian retreat to Mukden and the movements of the Japanese armies may be described as complete. Even the meagre reports published in the foreign press are not fully communicated to the Russian papers and for three days no newspaper dispatches have been communicated through from the front. Information may be withheld for strategic reasons but the public is likely to regard it otherwise, some of the papers demanding in outspoken fashion information of the condition at the front and also demanding that General Kuropatkin be given untrammelled control as commander-in-

chief, evidently aiming at Viceroy Alexieff who is supposed to be responsible for insisting latterly that the reinforcements should go to Vladivostok in view of the probability of early Japanese operations there or at Harbin, thus depriving Kuropatkin of troops which might have turned the scale at Liao Yang. The Russ is especially bold, considering the restriction placed on the Russian press. It declares that numerical superiority is not enough and that what is needed is some of the do-or-die spirit of the Japanese.

Berlin, Sept. 9.—A despatch to the Lokal Anzeiger from Mukden, timed 11:40 a. m. today, says the evacuation of Mukden is now in progress, and adds that the Japanese have not yet crossed the river Hun, which flows a few miles south of Mukden.

Tokyo, Sept. 9.—5 p. m.—Revised estimates of the Russian force defeated at Liao Yang place the number as follows: One hundred and eighty-four battalions of infantry; one hundred and twenty eight squadrons of cavalry and five hundred and seventy-two guns.

Flag Order. St. Petersburg, Sept. 9.—A law has been enacted providing that henceforth only ships owned by Russians shall be allowed to fly the Russian flag.

No Disturbances Reported. St. Petersburg, Sept. 9.—The minister of the interior says no reports of extensive anti-Jewish disturbances in general of the governments of the southwest Russia have been received. The only recent disturbance, it is added, was a small affair at Rieta, near Kiuff, in which one was killed.

Confirmation Lacking. Tokyo, Sept. 9.—3 p. m.—A private telegram received here says that a small Russian expedition from Kamchatka visited Sushu Island, north of the Island of Hokkaido, and in the absence of men, killed the women and children and burned the houses. Confirmation is lacking in regard to this report, which seems incredible.

Mukden, Sept. 9.—12:30 a. m.—All continues quiet at Mukden. All anxiety regarding the Russian transport is over. The Japanese have crossed the Shannke and are now resting. Only Russian and Japanese outposts are in direct contact.

St. Petersburg, Sept. 9.—10:35 p. m.—The reassuring despatch of the Associated Press from Mukden, filed shortly after midnight is the latest word from the front. It disposes of the many sensational rumors and indicates that Field Marshall Oyama has failed to cut off or seriously interfere with the retreating Russian army, which has now safely arrived at Mukden.

MR. PROBASCO WILL NOT PUSH

Taking of Governor's Deposition In Canal Case Until Cleveland Decision Is Rendered.

Columbus, O., Sept. 9.—The taking of the depositions of Governor Herrick and D. J. Ryan, by Notary Public Lee Thurman, has again been postponed. It is understood the postponement is indefinite. Harry Probasco, attorney in charge of the fight against the Miami and Erie Transportation Co., has advised Thurman that he will not push the matter further until the Cleveland courts have finally ruled upon Thurman's authority to act.

COLORED PEOPLE ARE CLAIMING DISCRIMINATION.

Columbus, O., Sept. 9.—Representative Eubanks, of Cleveland, is making a strong fight to land Dr. Joseph H. S. Carroll, colored, of Cleveland, as third assistant physician at the penitentiary. The board of managers has determined not to make this appointment at this session. Eubanks is protesting that the colored element of the party is being discriminated against and prophesies reprisals, but neither Governor Herrick nor Senator Dick hold him.

A POSSIBLE CANDIDATE.

Columbus, O., Sept. 9.—Representative Chandler Moulton, of Scioto county, will probably be a candidate to succeed Orin Gould, now penitentiary warden, upon the board of trustees. It is likely that Gould's resignation will be forthcoming soon.

PASSING OF A CIRCUS.

Columbus, O., Sept. 9.—Negotiations are on for the disposal of the Sells-Foran circus, owing to the illness of Peter Sells, who was stricken with apoplexy recently. The shows are owned by Peter and Lewis Sells, W. W. Cole and James A. Bailey. The latter two will probably acquire the entire Sells holdings.

DEATH RUNS IN ITS WAKE.

Three Killed in Collision Between an Automobile and Park Trap.

Pittsburg, Sept. 9.—Three persons have been injured in a collision between a large racing automobile and a park trap. All probably will die. The accident occurred at Lang and Penn avenues. Those injured were: C. B. Lawton, Miss Dora Murdoch, Miss Carrie Murdoch, all of Pittsburg. The trap was overturned with the three victims underneath. The automobile is said to have belonged to an architect who is now under indictment in connection with the death of a woman who was run down in Duquesne Borough three months ago. He was not in the car when the collision with the park trap occurred.

BROWN

Army Has Best of Battle

When Umpire

Called Time to Save the Blues.

Final Day of Maneuvers Began at Midnight and Closed at 9 a. m.

Work of Both Sides Pronounced by Military Experts as of Highest Order and Recalled the Days of '62.

Corps Headquarters, Gainesville, Virginia, Sept. 9.—The final day of the maneuvers was begun at midnight. At that hour the forces under General Bell, the aggressor in the movement against Washington, were pushed forward toward the lines of defense. The tread of the infantry as they marched to orders delivered in hushed tones, the shifting of the huge field guns and the click of the cavalry horses' hoofs against the stony roads, all combined to invest the historic Bull Run battlefield with a spectre return of the days of '62. When the first glimmer of day came, however, the spectre vanished and in its place was all the hustle and bustle of modern warfare. The troops had rested since three in the afternoon. All this combined to make hostilities begin early. A crack at the blue uniforms was the first desire of the browns and the light was taken up principally where it had ended the night before on the Wellington pike, near Pageland lane. The brown force seemed more inclined to push the blue with greater vigor. The waiting game which had been played by General Wint with his blue force, was not so easy to maintain. General Bell was eager to locate the main defense line. This line rested securely behind Bull Run in the extreme east end of the war zone and if it is to be assaulted the rear guard of blue will have to be pushed back with greater rapidity than was the case yesterday.

General Corbin brought the maneuvers to a close at 9 o'clock this morning. At that time General Bell with his brown army had advanced across Stone Bridge, pushing General Grant back and also had swung a large part of his soldiers from the left wing to the entire right flank of General Grant and put them across Bull Run to Sudley Springs. The maneuvering of both sides was pronounced of the highest order. General Grant's plans were not fully developed on account of the desire on the part of General Corbin not to put too long a strain on the militia. The spectacular event of the morning's work was at Stone Bridge. General Grant had a strong line of defense on the south side of this stream consisting of Price's brigade including two battalions of the Alabama and another in the rear and a detachment of engineers. The brown force which had approached the bridge consisted of Barry and Regan's brigades. The attack was made by the second Massachusetts and twelfth New Jersey. They were driven back twice with great loss, after advancing under heavy fire. Just as they came up for the third time, the ninth regiment succeeded in forcing the stream beneath the bridge. This movement was executed so cleverly that the blue force was not aware of their danger until the infantry was within twenty yards of them. The umpire ruled out all the blue force at this point as killed or captured. The browns had brought up two machine guns within range of the rifle fire of the blues and undimmed for action. As this movement was not covered by any fire of any kind the guns were ruled out of action. The umpire ruled that the brigade was blown up by the army of the blues and the brown troops which were brought up in force at this place all had to ford the stream. In the meantime the brown force which had crossed at Sudley had made its way down on the blue's side and the line of blues was pushed hard by the browns. Just as these two lines were becoming actively engaged, the brown force from Sudley poured an enflading fire into the blue line from its right and had not the umpire sounded cessation the blue line would have been completely surrounded by the brown

forces. Still farther back and to the right, the remainder of the brown force which crossed at Sudley was making a desperate attempt to cut off Grant's force from the rear. A wagon train was reported as captured and a squadron of cavalry came dashing within sight a short distance to the right of General Grant and his staff at his headquarters on the pike a mile back of the bridge.

This was the situation when the problem closed. Gen. Grant had withdrawn Wint's brigade across the bridge with the loss of one battalion early in the morning. This brigade had done nearly all of the work of the blue line yesterday and was short of ammunition. It was General Grant's plan to sacrifice the whole brigade if necessary and his success in withdrawing it was regarded as an excellent piece of work. His plan of campaign was to fall back in successive stages with his main force in the direction of the reinforcements which were to arrive, according to the terms of the problem. On the other hand the work of General Bell in withdrawing his large force from the extreme left of Grant's position to the extreme right was a remarkable movement and was executed with the utmost skill and despatch. Its success was principally assured when the problem closed. Governor Bates, of Massachusetts, Adj. Dalton of that state and Adjutant General Farnham, of Maine, arrived at corps headquarters this morning.

VICTORY WON BY POTTERS.

Domestic Makers Get a Little More Protection Against the Manufacturers of Holland.

New York, Sept. 9.—A signal victory has been won by the Domestic Potters by the ruling of sub-board No. 2 of the U. S. general appraisers, sustaining an advance of 1 per cent made by Appraiser Whitehead on crockery from Holland. In doing so the sub-board, which consists of General Appraisers Fischer, Howell and Dreyes, on the first appeal sustained the importer's invoice in values. The goods on which the advance is made are chiefly cups and saucers of the cheaper grades, made in the Maestricht district of Holland. Until a year ago the domestic manufacturers controlled the market on this class of goods. When they began to feel the competition of the importations they started an investigation, which resulted in charges of under valuation being presented to the treasury department. The importers presented evidence to General Sharretts which convinced him that invoice values were correct. This decision is now overruled.

Baltimore, Sept. 9.—Ex-Senator Henry G. Davis, democratic vice presidential candidate, arrived here today and is a guest at the Rennet Hotel. Senator Gorman was at the hotel when Mr. Davis arrived and these two held a conference, the nature of which has not been divulged. During the day, a number of Maryland democratic leaders called to pay their respects to Mr. Davis, who announced that he would remain in Baltimore two or three days and then proceed to Philadelphia and New York.

THE FIGHT IS ENDED.

Meat Cutters and Butcher Workmen Give Up Contest

On Advice of Pres. Donnelly.

Allied Trades Conference Board Declares Strike Off, Reorganizes Without Butchers, and Notifies Packers That Mechanical Unions Must Be Recognized.

CHICAGO, SEPT. 9.—THE FIFTY-NINE DAYS STRIKE OF BUTCHERS AND ALLIED TRADES AT THE STOCK YARDS IS OFF.

VICE PRESIDENT SMITH, OF THE MEAT CUTTERS AND BUTCHERS UNION SAID THE VOTE OF THE CONFERENCE BOARD OF THE ALLIED TRADES COUNCIL TO BRING THE TROUBLE TO AN END WAS UNANIMOUS. PRESIDENT DONNELLY HAS TELEGRAPHED THE DECISION TO ALL THE CITIES WHERE WORKMEN HAVE BEEN ON STRIKE. THE CONFERENCE BOARD OF THE ALLIED TRADES COUNCIL

OFFICIALLY ANNOUNCED TODAY THAT THE STRIKE WAS CANCELLED. IT THEN ADJOURNED, BUT MET IMMEDIATELY AND REORGANIZED. REPRESENTATIVE OF THE BUTCHERS WORKMEN ARE NOT INCLUDED IN THE NEW BOARD. THE NEW COMMITTEE CONSISTS OF REPRESENTATIVES OF THE MECHANICAL TRADES UNIONS AND A PROPOSITION IS TO BE MADE TO THE PACKERS THAT THE MEMBERS OF THESE UNIONS BE TAKEN BACK AS UNIONISTS OR NOT AT ALL. THE BUTCHERS DECIDED TO RETURN TO WORK TOMORROW.

DONNELLY CAUSES SENSATION.

Chicago, Ill., Sept. 9.—Acknowledging defeat and disruption, the national board of the Amalgamated Meat Cutters and Butcher Workmen brought the great packing house strike to an end last night by ordering the complete surrender of the butcher workmen.

The order calling off the strike and signaling the most disastrous blow that organized labor has received in many years went into effect at midnight. Tomorrow at 10 o'clock the Allied Trades' Conference Board, which had the strike definitely snatched out of its hands, after overthrowing the leadership of president Michael Donnelly, will meet to order the cooperation of the sympathetic trades in submitting to the inevitable terms that end the struggle.

Donnelly, the man who led the fight against the packers until he was convinced of defeat, determined this morning to take strategic action, after he saw the leadership of the strike pass into the hands of the Allied Trades' Conference Board. The Allied Trades leaders would not listen to his advice that the proposed terms of peace voted on by the unions, Tuesday be resubmitted for another vote.

Practically Ousted Donnelly. They received his advice with bitter denunciation and practically ousted Donnelly from active participation in the affairs of the strike. Viewing the dissolution, added to the chaotic condition of his organizations, and driven to desperation by the closing of the commissaries, Donnelly sent telegrams to all members of the executive board early in the day asking them to concede defeat as he had done. Answers were received from all the packing house centers, where executive board members reside, giving the order to call off the strike. A dramatic day for the strike leaders followed. The few strike dictators met about noon and determined to continue their policy of prolonging the fight until the packers could be forced to make concessions. A second vote was taken on the proposition to resubmit the proposition to return to work urged by President Donnelly. It was again voted down. Donnelly was not present, but he appeared a short time later, almost fighting his way into the hall. The scene that followed had the effect of an explosion upon the labor leaders, who looked upon Donnelly with anger flashing from their eyes. Donnelly made his way to the front of the hall and mounting the platform said with all the vigor he could throw into his words:

"Your Vote Taken in Vain."

"You have voted here not to resubmit the peace proposition ending the strike to a vote of the strikers. Your vote has been taken in vain. We have received the authority from the National Executive Board of the Butcher Workmen's Organization to call off the strike. The strike has been lost, our unions are rapidly being smashed to pieces, and by the eternal we are going to call the strike off and let as many of you men return to work as soon as possible."

This startling information caused the Allied Trades leaders to see the light. Their hopes of a possible vic-

tory vanished. Some of them stormed and denounced, but Cass B. Schmidt, vice president of the Butcher Workmen, leaped to the platform, and in a long address pictured the bitter prospect of further prolonging the struggle and revealed the hopelessness of any attempt of the Allied Trades to continue to fight without the aid of the Butcher Workmen. Schmidt declared that the order calling off the butchers' strike would be issued officially before midnight, and that the packers would be notified at once. This brought a reconsideration of the decision to continue the fight, and, after arranging to meet this morning to cooperate in the strike end, the conference board adjourned.

President Donnelly, Vice President Schmidt and other union officials hastened to the Transit House, where they met Dr. Cornelia De Bey, who had been serving as an intermediary with the packers. Dr. De Bey immediately notified Thomas J. Connors, of Armour & Co., of the action that had been taken, and later President Donnelly talked to Mr. Connors over the telephone and made preliminary arrangements for a conference with the packers today for the purpose of arranging for the return of the strikers to work.

Terms of Surrender. The terms of the surrender are these:

Packers to reinstate strikers as rapidly as possible and to retain as many of their non-union workers as desire to remain.

Men to return as individuals and no agreements with the unions to be made.

Skilled men to receive the same wages received before going on strike.

Demands made by the organization before the strike not to be considered and wages of unskilled men not to be arbitrated.

All live stock handlers to be reinstated by the Union Stock Yards and Transit Co.

This settlement affects the situation in all cities where the strike has been in progress for nearly nine weeks, involving 50,000 men. But desertions from the union ranks and the men who have sought other vocations as the weary fight progressed, have dwindled the ranks down to 30,000. Of this number of men probably less than 20,000 will return, because of the number of non-union men who will remain at work and because of the new system of operation adopted by the packers, which will give steady employment to fewer workmen than formerly. It is probable that the strikers will not be put to work before Monday, but the stampede of the strikers to apply for their old jobs will begin tomorrow morning at 1 o'clock. The packers anticipate that at least 20,000 men and women will surround the packing houses when the day dawns, and men were kept busy tonight making preparations to record the applications of the men preparatory to taking back the old employees Monday morning.

During the strike approximately 53,000 persons have been involved in the struggle, which is estimated to have

THE MARKETS.

New York, Sept. 9.—Stock market prices moved comprehensively to a higher level on a large volume of covering deals. American Car advanced 1/4; Metropolitan Street Railway, Metropolitan Securities and Consolidated Gas, a point; St. Paul, Rock Island preferred, Texas and Pacific, Delaware and Hudson and Brooklyn Transit a large fraction. There was running sales of 7,000 shares of Rock Island at 29 1/2, compared with 28 1/2 last night. A decline of a small fraction in Reading was the sole important exception to the strength. Prices turned abruptly downwards under a flood of realizing sales which carried the market below yesterday's closing. U. P. and Reading were sold

heavily and lost a point.
Other active stocks suffered only fractionally and a violent rally by Reading to 69 1/4 strengthened the market again.
Metropolitan Street Railway advanced 1/4; Rock Island, Lackawanna, Chicago Great Western, St. Louis South Western and Pacific Mail 1 and 1 1/4. General Electric dropped 3 and Reading second preferred and Rubber preferred 1.
The metal and railroad equipment stocks followed the general rise in prices. Amalgamated copper, Locomotive, Westinghouse Electric, St. Paul, New York Central, Erie and Chesapeake and Ohio, rose 1 to 1 1/2. Consolidated Gas 1 1/2; Central New Jersey 3; Delaware and Hudson 2 1/2 and Buffalo, Rochester and Pittsburgh

ITCHING ECZEMA

In July, 1883, I began to break out with Eczema on my head, legs and arms, and began treatment with local doctors, but did not get much relief. They said the disease had become chronic. I then quit them and tried various ointments and soaps for another two years, but as soon as cold weather came I was bad off again, so I finally decided to let medicine alone, and for twelve or thirteen years did nothing towards curing the Eczema, except bathing. This seemed to do about as much good as anything I had tried.

During the time I lost about one-half of my hair. I began S. S. S. doubtful of a cure, because the disease had run so long, but soon discovered your medicine was doing me good, and continued to take it. I used seven bottles, when I was completely cured, not having a single spot on my body, which before was almost completely covered.

F. C. NORFOLK,

The head, feet and hands are usually the parts affected, though the disease appears on other parts of the body. While external applications allay the itching and burning temporarily, it is the acids thrown off by the blood that cause the irritation and eruptions upon the skin. The acids must be neutralized and the system cleansed of all humors and poisons before the cure is permanent. S. S. S. is guaranteed entirely free of Potash, Arsenic and other minerals. Book on the skin and its diseases sent free. Medical advice furnished free.

The upward movement elsewhere was less marked. Reading ran off near a point, but the closing generally was active and strong.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, guaranteed it incurable. Science has proven catarrh to be a constitutional disease, and therefore, requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally, and acts directly on the blood and mucous surfaces of the system. It cures catarrh of any form and offers one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O.

Sold by druggists, etc.

HARDING

Talks of Future of the
C. H. & D. System.

Identity of all Roads Will
Be Preserved.

No Decision Yet Reached Regarding
the Location of the General
Headquarters Now at
Cincinnati.

Russell Harding, vice president and general manager of the Pere C. H. & D., and president of the Pere Marquette railroad, gave out an interview in Detroit yesterday which was of considerable interest and in which several significant statements were made. He said:

"No decision has yet been reached regarding the location of the headquarters of the C. H. & D. Pere Marquette system. The matter is one that requires a good deal of consideration, for not only the interests of the roads but those of the public are to be considered. I cannot say when the question will be settled.

"We have also to decide on a name for the system. It is not the intention to permit the identity of either road to be lost. A general name will be chosen for the combination. The case is analogous to that of the Gould lines, which comprehend a large number of separately organized railroads, or of the Frisco system. The advantages of this method are that each road retains the name by which it has become familiar to those who have direct dealings with it, and on the other hand, more distant shippers and travelers are appealed to through the more comprehensive title of the system.

"Neither road will be permitted to overshadow the other. Their welfare demands that the influence of neither shall be predominant. The interests of each will be carefully guarded and will be subordinate only to the interests of the general system."

More Riots.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the liver or kidneys as Electric Bitters. It's a wonderful tonic, and effective, genuine and the greatest all around medicine for run down systems. It dispels nervousness, rheumatism and neuralgia and expels malaria germs. Only 50c, and satisfaction guaranteed by H. F. Vorkamp, druggist.

Large Increase in Force.

Harrisburg, Pa., Sept. 9.—The Pennsylvania Railroad company has notified the foremen of its shops in this city to largely increase their force immediately.

It is expected that all of the men who were furloughed in June will be ordered to report for work. The company is now working ten hours a day with a Saturday half-holiday in all its Pittsburgh shops.

You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. All druggists will refund your money if you are not satisfied after using it. It is everywhere admitted to be the most successful remedy in use for bowel complaints and the only one that never fails. It is pleasant, safe and reliable.

July-4m.

WROTE ALL MORNING.

Esopus, N. Y., Sept. 9.—Judge Parker spent the morning on his letter of acceptance. Justice Edward E. McCall, of the supreme court of New York, came to Rosemount for lunch. Parker yesterday had postponed the trip on account of interruption to the editorial conference.

Telling of the Late Happenings

In South Lima.

One Wedding Announcement Recorded.

Mrs. Cora Linn and William O. Snurr joined in Wedlock.

Personal and Local Pick-ups Arranged for South Side Readers, Written in Brief Form.

Mrs. Cora Linn, of 676 south Main street, and William O. Snurr were joined in wedlock at 8:30 Wednesday evening. The Rev. W. M. Curry officiated, the ceremony taking place at his home on south Main street. The bride was dressed in white and carried carnations and the couple were unattended.

A wedding supper at the home of the bride followed the tying of the nuptial knot, the following guests partaking of the repast: Mr. and Mrs. Chas. Shappell, Mr. and Mrs. Ari Shappell, Mr. and Mrs. Fred Heckerman, Mrs. Nora Callahan, Mrs. Mike Troxel, Mrs. Noah Kunkle and daughter Ella, and Chas. Daley.

The groom is a Lima Truck Line Co. employe. The couple will live at 676 south Main street.

The following from the Waynesfield Chronicle, will be of interest to several south side families:

"The Sproul and McCormick families held their fourth annual reunion at Shad Reed's last Saturday. There were nearly 100 present, who partook of the bountiful dinner. In the afternoon many amused themselves by taking a sail on the waters, while others remained on land and enjoyed themselves with attractions there.

Those from a distance who were there were John Pratt and wife and Fred Collins. Mr. Pratt and wife are from Idaho, while Mr. Collins is from the country of Spain, and is a relative of the McCormicks. The accompanying by his sister, came to this country about four years ago, and could only speak the one language when they started. They learned to speak German on the boat while en route here, but have since learned our language, and Mr. Collins is now a student at the Wooster University.

The following officers were elected for the ensuing year: President, J. W. Sproul; vice president, J. G. Pratt; secretary, Effie McCright; executive committee, John McCormick, Sr., Lucinda Sproul and One Wells.

They will hold their next reunion in the vicinity of Waynesfield, in 1905.

Went Too Far.
Last evening, officers Kelly and Harrison punched two girls and two fellows who had been indulging in disorderly and indecent conduct nearly all day on the south side. Several times during the day complaints were telephoned to police headquarters, with the above result. The quartette registered as George Wolcott, George Huns, Florence Lawrence and Della Johnson.

Reverend relatives are entertaining Mrs. L. B. Ward, of south Main street.

Mr. and Mrs. Samuel Carey, of south Main street, have a new girl baby.

After a three months sojourn with friends in Spencerville, Mrs. C. C. Mack has returned to the home of her son, Samuel Mack, on east Elm street.

John Crull, of Greenlawn avenue, has returned from a visit with friends in Portsmouth, O.

A heavy piece of iron fell on the left foot of Edward Brackett, at the Locomotive Works yesterday morning, and he will be laid up some time, as the member was badly smashed.

George McGinty, of south Main street, is confined to his bed, the result of a fall.

The funeral of Mrs. Louisa Beck occurred at Grace church this afternoon at 2 o'clock. Interment was made in Woodlawn.

F. C. Opperman, an employe of the L. E. & W. shop office, was touched for his watch last night while standing on the square listening to the band.

Mrs. C. J. Tene, of Hughes avenue, is entertaining her sister, Mrs. Belle Sunderland, who has just returned from St. Louis.

Mrs. O. J. Sherrick and Miss Beatrice Hurlburt, of 730 St. Johns avenue, have returned from Toledo.

Pinealve acts like a poultice. H. F. Vortkamp.

Miss Nettie Blackmore, Minneapolis, tells how any young woman may be permanently cured of monthly pains by taking Lydia E. Pinkham's Vegetable Compound.

"YOUNG WOMEN:—I had frequent headaches of a severe nature, dark spots before my eyes, and at my menstrual periods I suffered untold agony. A member of the lodge advised me to try Lydia E. Pinkham's Vegetable Compound, but I only scorned good advice and felt that my case was hopeless, but she kept at me until I bought a bottle and started taking it. I soon had the best reason in the world to change my opinion of the medicine, as each day my health improved, and finally I was entirely without pain at my menstrual periods. I am most grateful."—NETTIE BLACKMORE, 28 Central Ave., Minneapolis, Minn.—\$5000 forfeit if original of above letter proving genuineness cannot be produced.

If there is anything about your case about which you would like special advice, write freely to Mrs. Pinkham. She will hold your letter in strict confidence. She can surely help you, for no person in America can speak from a wider experience in treating female ills. She has helped hundreds of thousands of women back to health. Her address is Lynn, Mass.; her advice is free.

THE STAGE.

The attraction at the Faurot opera house tonight will be "Von Yonson," which is a marked departure from the average dialect productions. It is a Swedish dialect comedy with a plot well worth listening to. Charles A. Boyd interprets the role of the Swede "just over." As the play progresses, "Von" shows evidence of gradually becoming Americanized. It is said that since the death of Gus Henge, no one has assumed the character so perfectly as Mr. Boyd, who originated the part in England. The play is staged with new scenic equipment and accessories. During each act a number of refined specialties will be introduced, including the new famous "Lumbermen's Quartette," which has made such a great hit throughout the country.

In "Why Girls Leave Home," which will be seen at Faurot opera house on Saturday matinee and night is presented a play of exceptional merit. The story is a purely wholesome one, consistent and coherent, and in this alone has it won its remarkable success. This story is of a wilful girl, beguiled into questionable pleasures by a man of the world. A heart-broken older brother, a sweetheart, a sister and mother, who do not understand the girl, take part and complicate the situation by misunderstandings. There is a great deal of emotional work as well as many exciting scenes while the comedy interspersed throughout the action is of the side splitting sort. The play is mounted on an elaborate scale and an admirable cast has been selected to interpret the several characters.

Doctors Could Not Help Her.
"I had kidney trouble for years," writes Mrs. Raymond Connor, of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure, and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure." It makes the diseased kidneys sound so they will eliminate the poisons from the blood. For sale by H. F. Vortkamp and Wm. M. McViville.

RETALIATION FIGURED ON.

C. H. & D. and Erie Combine to Attack Big Four and Michigan Central.

Cleveland, O., Sept. 9.—The Plain Dealer today says:

According to well defined reports the Cincinnati, Hamilton and Dayton and the Erie railways are negotiating for the entrance of the former road into Cleveland over the tracks of the Erie. The probable alliance is said to be in retaliation for the recent alliance between the Big Four and Hocking Valley and Michigan Central whereby the Big Four secured entrance to Toledo and Detroit territory which has been regarded as Cincinnati, Hamilton and Dayton business.

The alliance is considered very probable inasmuch as the Erie road gains entrance to Cincinnati over the tracks of the Cincinnati, Hamilton and Dayton.

OPEN FOR BUSINESS.

Washington, Sept. 9.—Sir Chentung Chang Chong has returned to Washington for the season and opened the Chinese legation. He came back early in order to attend the geographic congress.

Watch the kidney secretions. See that they have the amber hue of health.

Doan's Kidney Pills will do this for you.

They watch the kidneys and cure them when they're sick. Mrs. Jno. Nierengartner, of 712 west Elm street, says: "I suffered from dull heavy pains through my kidneys, and the secretions were highly colored, irregular and deposited a heavy sediment. I could not rest comfortably at night, and became tired and sore from lying in one position; I took medicine but the results were unsatisfactory. Seeing Doan's Kidney pills advertised and recommended by Lima people, I procured the remedy at W. M. McViville's drug store and used it. Although I only took one box, the benefits I received were so great that I have no hesitation in recommending the pills to others."

AUSTRIAN AMBASSADOR

Oyster Bay, L. I., Sept. 9.—Austrian Ambassador Baron Henselmüller and Count Apponyi, president of the Austro-Hungarian Diet, were guests of the President and Mrs. Roosevelt today at Sagamore Hill.

Count Apponyi, who is a distinguished Hungarian leader, arrived in this country last Saturday to visit the St. Louis exposition and to make a short tour of the country. He desired to pay his respects to President Roosevelt and his presentation to him today, was arranged through the Austrian embassy.

The visit is stated, was of no official significance, the desire of the distinguished visitors being merely to meet and greet the president in his home. They were entertained at luncheon by the President and Mrs. Roosevelt. Although no other visitors had engagements with him, the president passed the remainder of the day about the grounds of Sagamore Hill, transacting with Secretary Loch in the course of the day, considerable executive business.

ADMINISTRATION MINSTREL.

While the other administration re-
spects in numbers that suggest
Secretary Shaw's explanations of the
treasury deficit, Rev. Dr. Robert S.
MacArthur's ever harp is making the
hearts of the populace sing to its di-
vine tunes.

Dr. MacArthur has been away on a
touring tour and he told his congre-
gation at the Calvary Baptist church
all about it Sunday night. "I started
to my audience that the greatest dis-
aster under God's clear skies was
Colonel John Hay," he started the sil-
ver-throated songster, "and nobody con-
tradicted me." A wise audience to
hold its peace while the echoes of the
pendulous-silver-tongued dead tele-
gram were still thundering down the
corridors of time.

"We have a government that does
things," he said, "that no other gov-
ernment does. It did Columbia out of Panama.
It did Venezuela out of money to satisfy
to foreign creditors. It did the United
States treasury out of many millions

pensions. It not only does things it

was the man about \$40,000 in wages
to the packers in loss of business
and in increased expenses. The great-
est number of men idle in Chicago
during the strike was 26,000 and the
total in the country outside of this
city is estimated to be about the same.

The original cause of the strike was
a demand by the butchers, Unionists,
men \$12 cents an hour. The pack-
ers refused an agreement, but offered
to arbitrate the question.

When Needed.
Chicago, Sept. 9.—The stock
handlers were taken back, being an-
nounced that they will be sent for when
needed. It is suggested that before
going to work they will be required
to sign an agreement setting forth
that they remain as individuals and
not as an organization.

Business Agent Golden, of the
teamsters said that the teamsters will
go back to work as an organization or
not at all.

Victory for Unions.

Chicago, Sept. 9.—In a statement is-
sued today, James T. Tracy, secretary
of the Allied Trades Conference Board
said:

"The strike was one of the most re-
markable that has ever occurred in
the United States. It is remarkable
because it was a fight against some of
the largest corporations in the world
in behalf of unskilled workers. Like
all strikes it ended a victory for the
workers because rather than risk
such a struggle the employers will be
ready to treat with the unions in the
future on an equitable basis. Every
union will retain its solidarity and
will come out of this struggle stronger
than ever."

The Last Word

Spoken Over Remains
of B. C. Faurot.

Public Services at Trinity
Church Attended by the
Leading Citizens.

And From All Walks of Life Came
the People to Pay Their Last
Respects to the One Who
Is Mourned.

The muffled tones from the deep-
throated organ at Trinity Methodist
church, sounded the funeral dirge this
afternoon of B. C. Faurot, who is
mourned as one of Lima's most re-
spected citizens, and whose worth to
the city has been told with an un-
faltering pen. In testimony of his
deeds, that would have been greater
had not misfortune held him back,
there was an outpouring of the peo-
ple and the public funeral drew from
every rank of life.

The remains were brought to the
city from Sandusky over the Lake
Erie & Western at 1:21 last evening,
and were accompanied by his sister,
Mrs. J. S. Karns, and Captain and
Mrs. C. F. Deuze, the latter an adopted
daughter. The body was received by
a delegation of the Masonic order,
who bore it tenderly to the waiting
hearse, and escorted it to the home
of Mrs. Carnes on west Market street.
From there it was taken to the
church at 2 o'clock this afternoon, the
following being as full as the church
could hold: Wm. McKim, Jas. M. Brown, of Toledo,
Wm. McKim, F. M. Guilbert, T. W.
Dobson, Wm. Melville, Theo. Mayo
and E. W. Jackson. The services
were conducted by Rev. Mills, pre-
siding officer, assisted by Rev. Avana,
pastor of the church, and the true
worth of the deceased was exemplified
in terms of the deepest praise.

in the German Reformed church on
west Wayne street.

Rabbi Isaac Landman of Cincinnati,
formerly of Montreal, Canada, has

and Christians worship in the same
church, but the Jewish congregation,
being without a building of their own,
were delighted to accept the offer of
the German Reformed congregation
and appreciate fully the courtesy of
their fellow citizens.

Services will be held this evening at
7:30 o'clock and tomorrow morning at
10 o'clock. Splendid music has been
arranged for a quartette composed of
Miss Leah Arthur, soprano; Miss
Sennat, alto; George Methuen,

Adams will preside at the organ.

Second Game

Lost to Lima's Stumbling Block.

Local Team Was Unable to Solve the Puzzling Curves of Pitcher Coy

But Findlay Seemed to Be Able to Get Hits When They Were Needed. Last Game Played Today.

Pete Dorn was unable to carry out his desire to defeat Findlay on their home grounds yesterday, although the game was one which can really be termed brilliant. The Findlay team, in an account of the game refers to Findlay's defeat in Lima as unjust, but the writer takes for granted only what he heard from a prejudiced standpoint. He was not permitted to note the actions of the pumpered lot of babies, or he would not have conscientiously made the statement. The Findlay story reads as follows:

In a fast and well played game the Blues captured the second game of the series from the Lima team by a score of 4 to 1. A two bagger by Freeman, the first man up in the first and a wild pitch by McCoy, gave the visitors their only run and saved them from a shut out. Just one more hit and that a scratch, was the extent of the hitting. Coy, the Prairie Depot beauty, was in excellent form and he pitched one of the most brilliant contests of the season, it being rivaled by the one of Labor Day in which Stanton pitched a hitless game. At the ninth inning, Coy wrapped the Blues in a brown sheet of paper and labeled them ordinary. While Coy was covering himself with glory on

St. Peter Dorn was undergoing the greatest strain of his life. Pete, it is said, has been saving his benders and speed for the last two weeks for the approaching day at Findlay. He has had it in for the local club and he expected to beat the boys unmercifully. However, he failed to do it and now he must suffer disgrace. His associates can call themselves lucky in avoiding a shut out.

The fair sized crowd of fans, which turned out, greatly rejoiced over the results of the day. The rooters from Lima, who accompanied the team, have a feeling of despair. Those who witnessed both games can readily see that Lima is unable to cope with the Blues. The two victories they won on their home grounds were unjust. Had the umpire been fair or even half way, Lima would never have won any of the games.

The locals batted Pete for seven safe bingles. They came at opportune times. In the sixth inning with a man on base, Captain Donner made the longest drive of the season. The sphere landed in the corner of the right field fence.

MARSHAL

Of Wapak Secures a Lima Prisoner.

Marshal Pete Wanamaker, of Wapakoneta, came to Lima today to secure possession of Edward Webb, who was arrested yesterday on the charge of horse stealing. Complaint was filed against him by Mr. Musser, the liveryman, for an alleged theft committed last January, but as the case at Wapakoneta is a clear one, and more probable to result in conviction the prisoner will be transferred to the county seat of Auglaize to await trial.

Webb is accused of stealing a horse from Geo. Kapp, a liveryman at St. Marys and selling it to a party in Wapakoneta for \$40. He was arrested by Officer Beckham last night on the south side.

Mr. Prugh, of Dayton, Marched Up the Hill and Then Marched Down.

All His Propositions for a Settlement With the West Cairo Shoemaker Will Hereafter Be Made by Mail.

An amusing episode developed in the breach of promise suit brought by Miss Harpsky, of Dayton, against Charlie Herbst, of West Cairo, in which Attorney Prugh, of Dayton, who came to Allen county in the interest of his client, discovered that he had cornered a Tartar. He went to West Cairo on a mission which meant a possible settlement, but in all his practice he perhaps never had his hopes so abruptly shattered or his bland persuasions so ruthlessly tossed to the winds.

Following the filing of the petition in common pleas court, the usual service on the defendant was prepared and placed in the hands of the sheriff. It then became necessary to deliver a copy of the summons to Mr. Herbst, and the legal duty was intrusted to Ortha Barr, son of the sheriff. Attorney Prugh believed it to be a good idea to accompany the officer and explain to Mr. Herbst that it would save him many dollars of court costs, not to speak of his "anguish of mind" before a crowded court room, if he would compromise with the fair plaintiff for a considerable sum.

The defendant, who is about 55 years of age, was found at work in his shoe shop.

Prugh and a white wooden peg sank into the soft red leather.

Prugh and another took its place in the row.

The bent form of the shoemaker straightened up as the light from the open door was shut off, and he reached out for the paper handed him by the deputy. He adjusted his spectacles and as he noted the import of the legal document, a gleam, that was not there before, shot from his eye. The deputy retired and left the field to Attorney Prugh.

Mr. Prugh is a young man, just beginning to take the hard knocks along the well trodden path with its many turns, that fledgling attorney scramble over. He used his best manners and had hard oil on his tongue. But so intent was he in getting rid of his carefully prepared argument, in favor of compromising this "unfortunate situation," he failed to note that the cap of Mr. Herbst had blown off.

When the eruption occurred he was not prepared for it. The old shoemaker arose to his full height and reached. Mr. Prugh was prudent and ducked.

"You blankety blank-blank second-rate! You'll rob me, will you, right in my own house. You d-d thief," and then as the lava flowed, Shoemaker Herbst started toward the young attorney with undisguised intent.

The gentleman from the Gen city did not make a precipitate flight, but backed with caution toward the door keeping his collar band out of reach of the tanned fingers that were itching to get a grasp on it. Then he cleared the space with a bound and drove back to Lima with the deputy, without a glance over his shoulder at the angry form that loomed up in the door way of the rusty little shop.

CHICAGO LIMITED CARRIED A CORPSE.

When Train Pulled Into Station the Lifeless Body of a Young Man Was Found on Top of Coach.

New York, Sept. 9.—While passengers were alighting from the Chicago limited train which arrived at the Grand Central station today, the lifeless body of a young man, with the head crushed, was found lying on the roof of the mail car. One arm was clasped around a ventilator and the body was held firmly on the narrow roof. It is supposed that the young fellow was stealing a ride and that he was struck by one of the low bridges along the line.

A letter signed by Paul Hanke, of this city, recommending "A. Jacobson" as a dentist was the only clue to the man's identity. There was nothing to indicate where he had boarded the train or how far the lifeless body had been carried on the swiftly moving train.

PITH FROM THE COMMONER. Secretary Shaw says that high prices are a sign of prosperity. The signs of prosperity are numerous in the vicinity of trust headquarters.

It may be that Paul Morton was made secretary of the navy because he has had a large experience with water in his various corporation deals.

The nationalization of the protected trusts will begin promptly just as soon as Chairman-to-be Cortelyou gets the assessment lists properly figured out.

The Pittsburg Dispatch claims credit for having predicted the appointment of Mr. Knox to the senate. But what about Mr. Frick, who knew it all the time?

The republican leaders promised tariff revision and the trusts will put enough into the republican campaign fund to insure the proper revision from the trust standpoint.

There were several references to Abraham Lincoln in the republican national convention but none of the speeches contained any quotation from the Lincoln speeches and papers.

Editor Patterson is giving the "citizens alliance" a sample of what they go against when they strike an editor who takes more of his try to the people than he does of the cash drawer.

The republican organ that declared the party would have a "comparatively small barrel this year" may have meant that the luncheon would be vastly enlarged in order to facilitate matters.

When James G. Blaine a year in world have to use a magnifying glass to see in the republican platform any trace of the reciprocity that his party once declared for with a great flourish of trumpets.

Up to date we have not noted that any trust organs put up the defense that Mr. Knox was so active in anti-trust work while in the cabinet that

DETECTIVES CAN DISCOVER

No Clue to Robbers Who Disfigured Miss McPherson With Carbolic Acid.

Chicago, Sept. 9.—No clue has been discovered as to the identity of the persons who entered the home of Miss Mabel McPherson, sister-in-law of Benjamin Crawford at Evanston, Ill., and threw carbolic acid into her face.

It is now said that she will suffer no permanent injury. While she is prostrated from the shock, her recovery is certain. It is the general opinion that the crime was committed by burglars whose sole purpose was robbery. Captain Mensch, of the Evanston police, however, declares he cannot conceive of the motive which would have inspired burglars to throw acid in a young girl's face.

A New Jersey Editor's Testimonial.
M. J. Lynch, editor of the Phillipsburg, N. J., Daily Post, writes, "I have used many kinds of medicines for coughs and colds in my family but never anything so good as Foley's Honey and Tar. I cannot say too much in praise of it." For sale by H. F. Vorkamp and Wm. M. Melville.

THE IDLER.

A few days ago I spent two hours at the World's Fair," said Hon. W. B. Noble to a party of friends, "and I saw something every man who has ever been identified with the democratic party, and all who are still politically unaffiliated should see. That something was something we own through a war of benevolent assimilation I refer to the Filipinos, our brothers. No one who ever looks at them in their filth and degeneracy, no one who casts his eyes over their heads which slope back from their eyebrows, at an angle of 90 degrees, leaving no room for brains could ever sanction the country's present imperialistic policy.

"I tell you a colored man taken from the innermost recesses of Darkest Africa" would be a king beside the best Filipino that ever drew breath and a blanket Indian would be a gentleman in comparison.

However the Igorotes, Moros, Et Ceteros belong to us and you all should go out to the World's Fair for no other purpose than to grasp them by the hand and say: 'We welcome you brothers.'"

At a meeting of the Democratic Editorial Association of Ohio held in Columbus yesterday the following officers were elected: President J. H. Newton of the Newark Advocate; vice president, O. B. Selfridge of this publication; secretary-treasurer, N. E. Arnold of the Marion Mirror. The executive committee consists of L. G. Barron of the Holmes county Farmer; W. G. Beebe, of the Mt. Gilead Register; James W. Faulkner of the Cincinnati Enquirer; James I. Gorman, of the Dayton Journal, and Mr. O. B. Selfridge.

A gentleman who has his eye on taking business from local merchants called on W. F. Numan, this morning to ask where he could secure a half dozen or more good solitaires whose duty it would be to organize clubs to purchase all kinds of merchandise which would be shipped to the members from Buffalo. The fellow went fully into details with Mr. Numan, explaining that he did not own the goods being simply an agent. When told by Mr. Numan that he was secretary of the trade, and as such could not sanction the scheme to take trade from home houses, the fellow wilted and left to seek other avenues of aid in securing canvassers.

The public should beware of such business propositions. The chances are that in the end they will be losers, not only financially, but in health, through the use of inferior goods.

THREE JURORS CURED

Of Cholera Morbus With One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler, of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Cleburne county, Alabama. He says: "While there I ate some fresh meat and some soups and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, instead saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale by all druggists.

Louis, Eng., Sept. 9.—The Trades Union Congress unanimously adopted a resolution emphatically protesting against the government's action in sanctioning the south African labor ordinance, as opposed to the best interests of British workmen at home and abroad, as sanctioning conditions of labor unfit for human beings and as contrary to the anti-slavery traditions of the British empire.

"Just in the nick of time our little boy was saved," writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. YCL SUMMER OUTING.

A duty all people owe themselves that they may live long and prosper, is to take a certain amount of recreation. Brainworkers especially owe this to themselves. Their work is laborious and monotonous, and they should seek some means to have a change for a week or two at least, in some manner which is entirely different to what they see around them. The least expensive and most enjoyable we can recommend is a water trip. The accommodations are first-class in every way and very reasonable. Send 2c stamp for illustrated pamphlet.

SEVENTY-FIVE GYPSIES FROM

Bohemian Country Put Aboard Ship for Deportation Back to Native Lands.

New York, Sept. 9.—Seventy-five of the group of 200 Gypsies from various Bohemian countries who have been held on Ellis Island for about a week were sent on board the Cunard Line steamer Campania for deportation. The remaining 125 members of the band will be deported as soon as the forty children sick with the measles have recovered.

The Gypsies were ordered deported under the law which says that bands of roving Gypsies are apt to become public charges. Large amounts of money, which some of this party have, does not enter into the question.

Cured Hemorrhages of the Lungs.
"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." For sale by H. F. Vorkamp and Wm. M. Melville.

THE RELIGIONS OF JAPAN.

Wm. Dinwiddie in Leslie's Weekly.—Upon the restoration of the present Japanese emperor to power in 1868, it was decided by the older statesmen—the advisers to whose farsighted policy much of the present success of Japan in her struggle with Russia must be attributed—that it would be better to restore the ancient Shinto faith and get rid of Buddhism as much as possible. In this way, Shintoism became the official national religion of Japan, and its rites are followed in all cases where the government is responsible for the celebration, though the common people are, as a rule, Buddhists, while many of the nobles are followers of Buddha at heart. In other words, there is no strict line of demarcation between the two faiths and it is questionable whether the average Japanese individual could tell you to which sect he considered himself allied.

The emperor is the head of the Shinto religion, and is himself worshipped as being directly descended from the gods, and every Japanese subject pays him homage as such head, but this does not interfere with the subject's worship of multifarious other deities of the wind, the ocean, fire, food, and persistence, of mountains and rivers, and of special objects in nature—more than eight hundred in all. It was very simple to add to all these the gods of the Hindus when Buddhism was introduced from China, through Korea in the sixth century of the Christian era, but it was not so simple to displace them at the command of the statesmen. So the Buddhist priests still flourish, though the power and grandeur which were theirs under the rule of the Shoguns.

TORPEDO BOAT FLEET WILL GO AS ADJUNCT.

Washington, Sept. 9.—The proposition to send to the Asiatic station a torpedo boat fleet as an adjunct to the flotilla of destroyers sent out in the spring is under consideration at the navy department. It is probable they will be sent eventually. Lieut. Commander Chandler, who was sent to Japan to study torpedo boat development has advised the department of his arrival in this country and will come to Washington to report.

Bee's Honey and Tar is different from all other remedies offered for the relief of cough, lung and bronchial troubles. It contains antiseptic properties that destroy the germs, and solvent properties that cut the phlegm allowing it to be thrown off, moves the bowels gently. Cures croup, whooping cough and colds in one night. H. F. Vorkamp, druggist.

CORRECT DECISION.

Many years ago the Ninth district of Ohio was represented in congress by Judge Hall, and this good story is told of him while he was on the bench in the court of common pleas:

A case of some importance was reached on the docket and the parties and witnesses were on hand. The attorney for the plaintiff, Chas. Brown, was considerably in his cups, a condition which seemed chronic with the really brilliant lawyer. He submitted motion after motion, and the court did not appear disposed to humor his extravagant demands, realizing, too, that the attorney was not in a condition to proceed with the case. Brown was persistent, and Judge Hall, becoming somewhat irritated, said:

"It is the opinion of this court that the counsel for the plaintiff is peculiarly disqualified at this time for conducting this case before the court." "What's that, your honor?" demand

of the intoxicated lawyer.

The court believes the counsel for the plaintiff entirely too drunk to continue with the case."

"That is the first correct decision I ever knew your honor to render,"—Louisville Times.

Jas. Taylor, of Kendallville, Ind., was seriously diseased with kidney and bladder trouble for 20 years. He tested every known remedy without much benefit, until he used Pineules. This new discovery cured him, and Mr. Taylor advises all persons suffering from kidney or bladder trouble to get a bottle of Pineules at once. H. F. Vorkamp, druggist.

PLATFORM READERS.

Saturday Evening Post—Has anybody read the platform of the two parties except campaign speakers, political editors and the men who wrote them? Here and there a hand goes up, but the overwhelming mass of the voters sit stolid, their expression strongly suggesting "What do you take us for? We're not so hard up for ways to waste time."

Yet the national platform of a great political party ought to be a document that every "intelligent" grown person in the country would eagerly read it ought to embody in good, simple English, and in words too well chosen to be numbered, the specific reasons why the party should keep or get the power to direct the national administration—the things it could do if empowered, the things it would do.

Are these glittering generalities, these discursive and platitudinous vaguenesses put forth because we really have no great issues or because we have not great public men with courage and convictions and purposes?

FEARED EXPENSIVE HABIT.

A friend of District Attorney Jerome, tells a story of the pool room fighter's younger and imperious days, when he was an assistant in the office of which he is now head. "Then, as now, Jerome was a great smoker. He used to buy a cheap brand of cigars of a none too delicate quality from a Nassau street dealer.

"As a bonus to a steady patron and incidentally with the hopes of getting Jerome to buy the more expensive brand, the wily dealer would occasionally give him a perfecto. He didn't catch his man, however. Jerome invariably gave the perfecto to the first friend he met.

"That's not the brand I smoke," he would explain. "I don't dare try a perfecto for fear I'll form an expensive habit."—New York Tribune.

"No, sir."

"Are you sure?"

"Yes, sir."

"Your face looks decidedly familiar, where have I seen you before?"

"I am the barkeeper in the saloon on the corner."—New York Times.

NOT ONE TO SUPPORT HIM

In the Charges Filed With the Mayor Against Detective Hugh Patton.

Jim Guncheon's Former Friends and Associates In the Gambling Business Left Him to Fight Alone and Single Handed.

A failure to substantiate the charges made by James Guncheon, proprietor of the Elk and Oak against Detective Hugh Patton, who was before Mayor Robb in answer to having received money and other favors in return for protection of gambling resorts resulted in the charges being dismissed and Detective Patton reinstated to his old position.

It need only be stated by way of comment that somebody lied. Petrucci is the legal name for it and the public can sit the evidence and determine to their own satisfaction which side the burden of proof to that effect is on. The Times-Democrat last night published the statements of James Guncheon who referred to an understanding between himself and partners in the gambling business whereby Patton was to receive a stipulated sum each month for allowing the game to continue undisturbed.

As the hearing continued it was evident that Guncheon's testimony would stand alone as every one of his former associates or employees, fell away from him and denied in toto any knowledge of money being paid to Patton, or of his closing his eyes to the situation in return for favors. Guncheon's best card also failed to help his hand for he was unable to produce the books in which he says the entries of money paid to Patton were kept.

Guncheon referred to Bert Corwin a former partner in the gambling business as having paid Patton the sum of \$25 a month but the latter denied any such transaction. Likewise did Ote Wilson, Charlie Plock, Dan Staples, Guy Shaffer, Dave Seiders, Tom Crider and others of the talent side stop the prosecuting witnesses references to their knowledge of the deal and support the out detective in his plea of not guilty.

The money bribe was therefore not

proven but the fact that Patton and most if not all, the other members of the force, had partaken of lunches, cigars and refreshments in saloons and restaurants without any idea of paying for them, stood out boldly in the evidence and was not contradicted. Patton acknowledged having been benefited by these favors but denied that he had infringed on the generosity of the proprietors by having friends join him in the free raid.

Mayor Robb used this act of violation as a handle to speak his mind and after Chief Mills and Captain Wing, who had testified to a knowledge of the long standing habit scored the force in unmeasured terms for the practiced abuse of their positions. He stated that a number of complaints had been made by men who were in the saloon or restaurant business of policemen demanding free meals, and that they were compelled to submit through fear. Just what they have to fear, the mayor could not understand but he has never been marked as a man to keep your eye on.

After going over the evidence, he dismissed the case against Patton, because of a failure to corroborate Mr. Guncheon's charges, and the detective was reinstated.

WIFE

Tells Her Side of the Story

And the Reply

Makes Serious Charges Against Husband.

Mary Leckleitner Refuses to Stand Under Charges in Original Petition.

Judge Miller Sends Prisoner Back to Jail, and Three Are Given Their Liberty by the Auditor.

Mary Leckleitner, who was made defendant in a divorce action brought by her husband, Edward Leckleitner, a short time ago, today filed an answer and cross petition in which she makes sensational counter charges, at the same time denying the acts charged to her in the original petition.

She says she was compelled to flee from the house to the home of her foster father for protection because of her husband's violence when she refused to listen to demands that are not mentionable. She charges him with gross neglect of duty and says that although he received wages amounting to from \$50 to \$75 a month as an electrician, she received but \$58 for the support of herself and child in one year.

The wife has two lots in Delphos valued at about \$65 each, on which there is a mortgage of \$25, and the husband has property which the petition claims is worth \$1,000. She wants the decree of separation granted to her and asks for alimony.

Got Their Liberty.

John Wagon J. F. Cummings and C. E. Shoop who have been serving time in the county jail for misdemeanors, were released today by order of the county auditor.

A Few More Days Added.

Jacob Heffner, who was arrested a short time ago on the charge of beating a board bill and sent to jail had a hearing this morning before Probate Judge Miller and was sent back to the bastille to serve an additional thirty days.

To 8-4 Aids Deed.

Francis H. Stallkamp applies to the court for equitable relief in obtaining a settlement on a judgment for \$297.80, obtained against Nancy Alder. The petition alleges that the defendant transferred a piece of property in Delphos to Jos. Adler, Jane Miller and Hinton E. Sowers, for the purpose of preventing the plaintiff from collecting the amount of the promissory note.

Injunction Decision.

Judge Mathers will come from Sidney tomorrow afternoon to give his decision in the injunction case of Ireton Bros. and Eckenberry against the Ft. Wayne, Van Wert and Lima Traction Company.

RAPID

Progress Being Made on the High School.

Roof Ready for the Tile and the Plastering Will Be Started Within a Week.

With the question of awarding the sewer contract for the high school finally disposed of, Mowen Bros., the contractors, began early yesterday morning to get the drains started, and will soon have the tile placed beneath the basement, which will permit the laying of the cement floors.

The work on the building has progressed rapidly during the past two weeks and inside of the next ten days the plasterers will get started, giving them a chance to get that important work completed before cold weather. Two thirds of the tile to be used in the roof is ready for delivery by the Lima Tile Co. and the contractors have the building almost ready to receive it. Every thing indicates now that the fine new building will be turned over to the board in advance of the time given the contractors for its completion which was January 1st.

CAROUSAL

Of a Quartette Led to Their Arrest.

Three separate complaints made to the police by phone last night led to the arrest of a quartette charged with loitering. The parties are registered as Babe Anderson and Mrs. Florence Lawrence and George Burns and Geo. Wollett.

Officers Kelly and Harrison were sent after them and they were found at the edge of the city on the south east side, a mile from where the first complaint was sent in. Their actions were such as to warrant arrest and all four were locked up. Evidence is being gathered for a preliminary hearing before the mayor.
